RELIABLE BY DESIGN

## RELIABLE BY DESIGN

Reliability is the cornerstone that transcends our products and services. Great strides are taken to exceed expectations in production, quality, workmanship, longevity, safety, sanitary design and overall value. Reliability must be realized by all who come in contact with our products and services.

## SANITARY CONVEYORS

Designed for extreme sanitation with easy access components

## BUILT FOR SANITATION EFFICIENCY & COMPLIANCE

### Introducing Mepaco's Innovative Modular Design Sanitary Conveyor Standard

This new standard conveyor offering will provide our processing industry customers with greater flexibility in line layouts, more efficient engineering turnaround and better price points compared to custom designed solutions.

This sanitary conveyor line has standardized head and tail components with various intermediate lengths available.

#### Components
